Tampa, FL - November 29, 2017 - We commend the Tampa Police Department on their excellent work leading the investigation of multiple law enforcement agencies that led to the arrest of Howell Emanuel Donaldson, III. We also thank our steadfast community members and the individuals who provided information to law enforcement to help identify the person responsible for the Seminole Heights killings. Our office has been working with law enforcement since the first killing and will continue diligently evaluating and investigating the case as we prepare to bring charges. For the community's safety, we will be seeking that the defendant be held without bond. We appreciate the community's trust as we work hard to achieve justice for the victims, their families, and our entire community.
